

*While we try to teach  
our children all  
about life,  
our children teach  
us what life is all  
about.  
- Angela Schwindt*

- Attachment
- Social Support
- Family Support
- Increase Family's Independence
- Assist with Parenting Management
- Increase Positive Parenting Strategies
- Provide Effective Stress Management Tools

# **Family Mentor Program**

Huron County Health Department

The Family Mentor Program is a home-visiting based program for expectant families and families with children ages zero through five that reside in Huron County. The program is designed to educate and support parents in an effort to reduce the likelihood of child abuse and neglect.

The Family Mentor Program uses the Nurturing Parenting Curriculum, which allows the Family Mentor to focus on the family's individual needs while maintaining the course of nurturing parenting.
